Programm of the Young Researchers Seminar
December, 16. 17 and 18 2003
Bron

Tuesday 16 December 2003

9.30 am	Welcome by INRETS Openning adress by the steering committee Real aims By Jean-Pierre MEDEVIELLE - INRETS, Kurt PETERSEN - DTF, Liisa HAKA-MIES-BLOMQVIST - VTI, Cristina PRONELLO - POLITO
9.45 am	***1st Technical Session : Environmental issues*** Tutor : Pr Reinhart KÜHNE - DLR *Jens BORKEN - DLR* - Assessment of Transport's Impact on the environment *Vicky MCCOLL - TRL* - Taking apart the vehicle park : Current vehicle recycling techniques *Astrid ADMUNSEN - TOI* - Reducing use of studded winter-tyres in the city of Dram-men *Inge Jiri JEDLICKA - CDV* - Calculation and modelling of air pollution
11.45 am	**Pause**
12.00 am	***1st Cross Cutting Session : Pr Reinhart KÛHNE- DLR*** - 10 minutes opening notes - 20 minutes discussion - 10 minutes summary
1.00 pm	**Lunch**
2.00 pm	***2nd Technical Session : Economical issues charging and transport value*** Tutors : Dr Harrald MINKEN - TOI and Pr Lars HULT KRANTZ - VTI *Bjonar Andreas KVINGE - TOI* - Infrastructure charging, slot allocation procedures and harmonisation of charges in European railways *Esther MADRIGAL - UPM* *Pauline WORTELBOER - AVV* - Applied methods in transport planning - value of time *Jens Erik NIELSEN - DTF* - Taxation, time allocation and externalities
4.00 pm	**Pause**
4.45 pm	***2nd Cross Cutting Session : Dr Harrald MINKEN - TOI and Pr Lars HULT KRANTZ - VTI***
5.30 pm	End and tranfer by bus to the hotel
8.00 pm	**Cruise Dinner**

Wednesday 17 December 2003

9.00 am	***3rd Technical session : Safety issues*** Tutors : Dr Alan STEVENS - TRL and Dr Rune ELVIK -TOI *Hélène REIGNER - INRETS* - Road safety policy in France : the gap between technical expertise and politics *Jolieke MESKEN - SWOV* - Determinants of emotions in traffic : the personn versus the situation *Daniel KRAJZEWICZ - DLR* - A cognitive driver model *Saskia de CRAEN - SWOV* - Calibration in Young drivers *Barbara CHARBOTEL - INRETS* - Work related road crashes... What do we know? What are the research needs?
9.00 am	***4th Technical session : Economical issues II*** Tutors : Dr Jose Manuel VASSALLO - UPM and RD Mogens FOSGERAU - DTF *Marco DIANA - POLITO* - Modelling versus simulation : a comparison between two approaches for the assessment of the service quality *Ingar LARSEN - TOI* - Freight transport as value adding activity : a case of study of Norvegian fish transport *Francesco RAMELLA - POLITO* - The lesson from deregulation in Great Britain : why smaller transport subsidy is better *Mikal HOMBALD - DTF* - Proposal for a Danish national freight transport model
11.15 am	**Pause**
11.30 am	***Common Cross cutting session : Dr Alan STEVENS - TOI, Dr Rune ELVIK - VTI, Dr Jose Manuel VASSALLO - UPM and RD Mogens FOSGERAU - DTF***
1.00 pm	**Lunch**
2.00 pm	***5th Technical session : Safety issues II*** Tutors : Karl Josef HÔHNSHEID - BAST and Dr Juka LUOMA - DLR *Monique VAN RAAMSDONK - AVV* - Interactions between car and truck drivers *Kai ASSING - BAST* - Focuses on heavy goods vehicle accidents in Germany *Sjoerd HOUWING - SWOV* - The development and maintenance of driving skills of young moped riders *Brian LAWTON - TRL* - The safety of cyclists *Thomas TROUGLAUER - DTF* - The use of mobile phones among professionnal drivers of heavy vehicles *Etienne JAVOUHEY - INRETS* - Predictive factors of handicap for children severely injured in a road traffic accident
4.30 pm	**Pause**
4.45 pm	***Cross cutting session : Karl Josef HÔHNSHEID - BAST and Dr Juka LUOMA - DLR***
5.30 pm	Free

Thursday 18 December 2003

8.30 am	***6th Technical session : Safety issues III*** Tutors : Jurgen RATAJ - DLR and Liisa HAKAMIES-BLOMQVIST - VTI *Catherine GABAUDE - INRETS* - To accord mobility and safety issues for elderly drivers : considerations on driving competency assessment *Karel MARSALEK - DLR* - The DLR alertness management program for companies *Andi FLINT - TRL* - Steering Intropy as a mesure of impairment *Anja KNOCHE - BAST* - Pharmaceutical indications of road safety related impairments in the acute and post acute cocaine plan *Marlene RISHOJ KJAER - DTF* - Elderly car driver in Denmark
11.15 am	**Pause**
11.30 am	***Cross cutting session : Jurgen RATAJ - DLR and Liisa HAKAMIES-BLOMQVIST - VTI***
12.00 am	***Key note session - «Measure and measurement from statistics to indicators and advanced mathematical basements» : Dr Michel MAURIN - INRETS***
1.00 pm	**Lunch**
2.00 pm	***7th Technical session : Sustainability*** Tutors : Pr Cristina PRONELLO - POLITO *Elena LOPEZ - UPM* - Does the Spanish infrastructure Master Plan 200-2007 improve long-term sustainability? *Foteini MIKIKI - HIT* - Internalization of airport noise social cost : a long way from theory to action *Katja RUSILA - VTT* - Evaluation of welfare impacts on strategic transport system planning *Eva SIMONOVA - CDV* - Elements of traffic in Through-passes in the Czech Republic
4.30 pm	**Pause**
4.45 pm	***Cross cutting session : Pr Cristina PRONELLO - POLITO***
5.30 pm	Summary and adjournment by steering committee representatives and moderators : Jean-Pierre MEDEVIELLE - INRETS, Cristina PRONELLO - POLITO, Liisa HAKAMIES-BLOMQVIST - VTI, Kurt PETERSEN - DTF
6.00 pm	Free
